

STORAGE AGREEMENT FOR RACKS AT PATTERSON PARK

Non-Motorized Watercraft (NMW) (kayaks, canoes, paddle boards)

1. Access to racks is only available during hours of Park operation. Paddlers must plan their use appropriately to return to Patterson Park before closing time to facilitate a timely closing of the Park. Failure to comply will result in loss of storage privileges. Paddlers should check with the gate staff prior to departing to determine the closing time.
2. Valid park passes are required for entry into the Park.
3. Owner is responsible for any damage caused to City property by use of, or storage of NMW.
4. NMW must be owned by a Park resident. Third party ownership or willful deception of ownership will result in termination of rental and loss of any rental fees paid.
5. The City of Grosse Pointe Park, nor its employees, agents or volunteers is/are not responsible for theft, loss or damage to NMW(s) stored at Patterson Park.
6. The owner must carry appropriate insurance that covers the stored vessel.
7. **NMW(s) must be locked when stored in rack.**
8. Racks may not be modified. Unauthorized modifications will be removed at the renter's expense.
9. Storage other than the NMW listed on the contract is prohibited. Other equipment left in storage area or rack will be removed by the Parks and Recreation Department and disposed of. The rack area must be kept neat and not become a distraction to the Park.
10. The City may at any time, for any reason terminate this contract when it is deemed to be in the best interest of the City.
11. Minors under the age of 16 may not use the NMW unless parental supervision is present at the launching and retrieval of equipment.
12. NMW users agree to abide by the City of Grosse Pointe Park, Parks and Recreation Department's rules and ordinances. Storage is intended for vessels in a usable seaworthy state. NMW(s) determined not to be used in such a condition will have their contracts terminated. NMW(s) must be removed from the Park when repairs or maintenance is being done to the racks.
13. No special privileges for rack renters are implied by this contract agreement.
14. The City may deny launching, or close the launching area at Patterson Park for maintenance, safety or any other reason deemed to be in the best interest of the City.
15. NMW(s) may need to be removed from the rack from time to time for maintenance or other City functions. Owners may have to make other storage arrangements for their vessel to facilitate this work. Contracts will not be pro-rated for this time.
16. The storage area is intended to facilitate active use of the NMW(s). Vessels deemed to not be used sufficiently to justify use of Parks and Recreation space or empty unused racks may result in termination of contracts.
17. **NMW(s) must be properly stored in the rack, not left on the ground, launch area or other areas of the Park.**
18. **The rack storage and NMW season is from April 15 to November 1st. There is **NO** winter storage and NMW(s) must be removed from the Park by 4:00 pm on November 1st.**
19. Upon receipt of the new contract and payment by the designated due date, storage space will be renewed annually. Renewal of a contract is not automatic and is at the Cities discretion.
20. **Rack stickers must be on the left side of all NMW(s) farthest from the lake. NMW(s) with no sticker will be confiscated.**
