Attendees had the ability to provide feedback and ideas regarding various topics including land use, redevelopment, and capital improvements. MKSK will use the feedback from the community open house, as well as the visioning session and community survey, to complete a draft of the updated master plan. The draft will be presented to the public for additional feedback in late summer/early fall. Additionally, internal review of the Wayburn development continues as the City works with the developer to address the concerns raised during the initial site plan review.

Beautification Commission
Councilmember Relan stated that the Beautification Commission met on June 2nd to hold their summer kickoff potluck meeting. The Commission also set the process for the 2021 Beautification awards with five groups of commissioners responsible for walking the City and identifying potential winners. Residents can also nominate neighbors who they believe should be considered for an award. Note that a previous winner who has won within the last four years cannot win again. 2021 award winners will be announced in August.

Tax Increment Finance Authority (TIFA)
City Manager Sizeland stated that the TIFA Board met on June 8th to hold their first informational session for 2021 and hold a special meeting. The informational meeting included an update on activities throughout the TIFA that have taken place since the November 2020 informational meeting. The special meeting was held for the sole purpose of formally adopting the FY 2021-2022 budget. The next TIFA meeting will take place in July and the agenda is expected to include an update on the parking study and the introduction of the Business Improvement and Residential Improvement grant programs.

Downtown Development Authority (DDA) Board
Mayor Denner stated that the DDA Board met on June 9th to also hold an informational session and a special meeting. The informational meeting included an update on DDA activities since November 2020. The special meeting was held to formally adopt the budget for the 2021-2022 fiscal year. The next meeting will be held in August.

Eastside Community Network
Councilmember Hodges stated that the ECN is responsible for overseeing the Mack Avenue Strategy Committee that includes reps from the Detroit, Mack Avenue adjacent Grosse Pointe communities, Wayne County, and others. The committee’s current work has included submitting a formal request to Representative Tate for a portion of the federal funding to be utilized for Mack Avenue Improvements, zoning changes along Mack Avenue being approved by City of Grosse Pointe, Grosse Pointe Farms investigating the walkability of Mack Avenue, a summer marketing campaign, and discussion about potentially holding a fall festival.

UNFINISHED BUSINESS:
4-WAY TRAFFIC STOP DISCUSSION
Public Safety Director Jarrell stated that the intersections of Westchester and Avondale and Westchester and Fairfax are part of the Safe Route to School plan and are not currently designated as 4-way stops. The City can either follow the Michigan Manual Uniform of Traffic Control Devices Multi-Way Stop requirements which have already been met through the Safe-Routes plan or City Council can make a motion to designate the two intersections as 4-way stops. Administration is recommending the second option.

Motion by Councilmember Hodges, supported by Councilmember Relan, to approve the four-way traffic stops at the intersections of Westchester and Avondale and Westchester and Fairfax.

Councilmember Robson asked if other intersections would be considered for approval as 4-way stops due to resident requests.

Director Jarrell stated that if the Council wants Public Safety to move forward with considering additional intersections for potential 4-way stops, Council should direct Administration to work with the Traffic Improvement Association to have them complete traffic studies done for those additional locations and then solid data can be provided to City Council to utilize for determining if 4-way stops are needed.

CITY OF GROSSE POINTE PARK
PROCLAMATION DESIGNATING
JUNE AS LGBTQ PRIDE MONTH

Whereas, the City of Grosse Pointe Park supports the rights of every citizen to experience equality and freedom from discrimination; and

Whereas, all people regardless of age, gender identity, race, color, religion, marital status, national origin, sexual orientation, or physical challenges have the right to be treated on the basis of their intrinsic value as human beings; and

Whereas, in support of the city’s commitment, a Non-Discrimination Ordinance was adopted by the City Council on June 8th, 2020 making these rights the law of the city; and

Whereas, the City of Grosse Pointe Park accepts and welcomes people of diverse backgrounds and believes a diverse population leads to a more vibrant community; and

Whereas, the Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) communities contribute to the cultural, civic and economic successes of the City of Grosse Pointe Park; and

Whereas, US Presidents from both major parties, the Federal government, the State of Michigan, and multiple municipalities have, over the last 20 years, regularly recognized June as LGBTQ Pride Month

Now, therefore, be it resolved, I, Mayor Denner and the members of the Grosse Pointe Park City Council hereby proclaim June 2021 as LGBTQ Pride Month in Grosse Pointe Park, Michigan and encourage our residents to reflect on the ongoing struggle for equality members of the LGBTQ community face and celebrate the contributions that enhance our city.

NEW BUSINESS:
FINANCE REPORT

Mayor Denner stated that the finance report was moved from the consent agenda to the regular agenda at the request of Councilmember Fluitt.

Councilmember Fluitt asked what DWSRF stands for as part of the OHM Advisor line item.

City Manager Sizeland stated that it stands for Drinking Water State Revolving Fund and the proposed project will be discussed in detail at the June 28th special meeting.

Councilmember Fluitt asked why a $500 invoice for the TIFA was included in the supporting documentation given to Council.
Finance Director Blahut stated that $500 was charged to the TIFA and the reason it was included was because the report reflects the total amount paid to a vendor.

Councilmember Fluitt inquired on why the other two OHM invoices that were included had art center written on the top and asked for an explanation of what the Maryland City parking lot line item included.

City Manager Sizeland stated that as part of the Schaap Center project, the City has been utilizing OHM to complete utility and engineering review. AN ORDINANCE TO AMEND THE CODE OF THE CITY OF GROSSE POINTE PARK BY REVISING AND AMENDING CHAPTER 16, SECTION 2, OF THE CODE OF THE CITY OF GROSSE POINTE PARK RELATING TO THE OFFENSE OF PANHANDLING,

THE CITY OF GROSSE POINTE PARK ORDAINS:

Section 1. Section 16-2 of Chapter 16 of the Code of the City of Grosse Pointe Park is amended to read as follows:

Sec. 16-2. – Panhandling.

(a) Except as otherwise provided in this code of ordinances, or as otherwise authorized by law, no person shall beg or solicit for the immediate payment of money or goods from another person under any of the following circumstances:

(1) Within twenty (20) feet of a bank or automated teller (ATM) machine.

(2) By soliciting a patron at a sidewalk café without first having obtained the permission of the operator of the café.

(3) By knowingly making a false and misleading representation in the course of a solicitation.

(4) In a manner that would constitute aggressive begging, which shall mean any of the following:

This provision is intended to protect persons from threatening, intimidating, or harassing behavior, to keep public places safe for use by all members of the community, and to maintain and preserve public places as places where all of the community can interact in a peaceful manner. This provision is also intended to facilitate the free flow of pedestrian and vehicular traffic on streets and sidewalks within the City. While the City finds that aggressive acts associated with solicitation and begging can interfere with the free flow of traffic and intimidate persons in public places, it is not the intent of the City to limit persons from exercising their constitutional right to solicit funds or engage in other constitutionally protected activities. The provision is intended to protect the First Amendment rights of all people within the City, as well as the rights of non-participating people and their property, and to ensure they will be free from duress and/or fraud to the extent possible.
