February 8, 2019

Honorable Mayor and Members of Council
Grosse Pointe Park, Michigan

Dear Mayor and Members of City Council:

The next meeting of the City Council of Grosse Pointe Park will be held at 7:00 P.M. on Monday, February 11, 2019 within Council Chambers. The tentative agenda is comprised of the following:

EASTSIDE COMMUNITY NETWORK
Donna Givens will provide a brief presentation to Mayor Denner and Members of City Council regarding the Eastside Community Network Mack Avenue Improvement Plan.

WAYNE COUNTY DEPARTMENT OF HEALTH, VETERANS & COMMUNITY WELLNESS
Mayor Denner and Members of City Council will be asked to consider a memorandum of understanding regarding a cooperative point of dispensing in accordance with the HVCW SNS Plan.

Sincerely,

Dale M. Krajniak
City Manager

John Ford, RA, Architect
EXECUTIVE SUMMARY

The successful revitalization of eastern Mack Avenue will be incremental, so it must be based on a shared vision that provides a strategic framework for planning, testing and implementing each step. The champion of a rebuilding effort is the one best positioned to pull together a diverse partnership of residents and other stakeholders to create the long-term vision for the corridor. A set of clear, logical and doable design guidelines rooted in the community’s vision for the corridor is necessary to guide infill development and inspire renovations that produce a vital pedestrian-oriented commercial corridor.

The Mack Avenue Improvement Plan will serve as the strategic framework to guide ECN and its partners’ future community development investment decisions, based on a vision for urban design-based economic redevelopment. The plan, prepared by VENTRA Group and Hamilton Anderson Associates (VENTRA/HAA), comes out of a planning process involving ECN staff, its planning committee, public officials, other planning technical support partners, and other community stakeholders. The planning process entailed

- collecting and analyzing primary and secondary data, including ‘windscreen’ surveys, pertaining to the existing physical and market conditions in the corridor;
- developing a design strategy to address physical improvements to each parcel and block in the corridor, as well as the public right-of-way, in support of creating a better pedestrian and retail environment;
- preparing planning strategy to support implementation of the design strategy; and
- identifying a phased approach toward allocating resources and efforts based on strategic nodes of opportunity along the corridor.

CORRIDOR CONTEXT

This plan examines the portion of Mack Avenue running from Conner Avenue to Neff Road, through the cities of Detroit, Grosse Pointe Park and Grosse Pointe. Mack Avenue historically has an important east to west neighborhood commercial corridor, connecting the central core of the City of Detroit to the lower eastside and ‘The Pointes’ beyond. Divestment in neighborhoods in the 1950’s led to divestment in the commercial corridor, which continued to decline through the last half of the 20th century. More recently, local municipalities, the business community, and community stakeholders have worked to reduce the level of divestment, increase reinvestment, improve public safety, and use innovative practices to transform underutilized and vacant land.

The study area includes several diverse neighborhoods in Detroit as well as portions of Grosse Pointe Park and
EXECUTIVE SUMMARY

Cross Points, Retail corridors along Mack, Jefferson, and Kercheval serve this population, which has a wide range of demographics and spending potential. Adjacent neighborhoods comprise primarily detached or attached single family homes, with some multifamily complexes. In 2017, 19,132 housing units were identified within the study area, of which 28% were vacant, 40% were renter-occupied, and 32% were owner-occupied. Census tracts within and bordering the study area span a wide range of income ranges.

Average annual daily vehicle traffic is at its highest on the eastern portion of Mack Ave that borders Detroit, Cross Pointe, and Cross Pointe Farms. Mack Avenue is a major DCOT bus route; however, the corridor lacks bicycle infrastructure, such as bicycle racks, and is not considered bicycle friendly due to poor road conditions, high travel speeds, and a lack of dedicated bike lanes.

MARKET ANALYSIS

The study area generates substantial retail demand that is generally met by existing commercial options along Mack, East Warren, and Kercheval Avenues. Overall, the area generates a $10.8 million surplus in retail trade and food and beverage options. However, a study of the area within one half mile to the north and south of Mack Ave reveals a retail gap of $43.6 million specific to the walkable, neighborhood scale.

PHYSICAL CONDITIONS

At the corridor level, there is a high level of vacancy. At least 24% of the parcels along the corridor are unimproved, vacant parcels. Half of the parcels with structures were unoccupied or only partially occupied. However, the majority of structures appear to be in fair to good condition. Existing property uses are varied, including auto servicing, food and beverage, office and service, retail stores, community and cultural institutions, as well as some residential. Notably, approximately 7% of the improved parcels are parking lots. The majority of the parcels in the study area are zoned for business use, with some residential uses in the eastern portion of the corridor. The majority of the parcels in the study area are privately owned; about half these are owned by taxpayers based within Detroit. The City of Detroit and other public agencies own 29% of the parcels along the corridor.

High quality pedestrian environments are critical to the success of neighborhood-based commercial districts. VENTRA/HAA conducted an analysis of the pedestrian environment in the district based on urban form, physical condition, and consistency with the district vision. This Urban Form Analysis found that only 37% of the properties in the corridor were pedestrian oriented. The remainder were either vacant, auto-oriented, or otherwise lacking in pedestrian-friendly form.

STRATEGIC PLANNING RECOMMENDATIONS

Based on our analysis VENTRA/HAA offers ECN leadership and partners the following strategic planning recommendations:

1. Revitalize a Mack Avenue business association and facilitate regular information sessions.
2. Help raise money for technical support and direct investors to partner programs with the capital.
3. Focus collective efforts with community partners on driving investment growth forward.
4. Keep up corridor monitoring effort related to public safety, blight and property disposition.
5. Advocate for the corridor to receive more public and private sector attention.
6. Create a formal marketing and branding strategy.
7. Develop implementation plans for improvements in Phase I areas of the corridor.
8. Coordinate with the City regarding corridor-length right-of-way improvements, including integration of green infrastructure.
CORRIDOR IMPROVEMENT STRATEGY

VENTRA/HAA also prepared recommendations for improving each parcel in the corridor, based on a near-term view of what could be accomplished within the next ten years. The team has organized our recommended parcel improvements into eight typologies typical of the corridor:

- Ready to Go: Find a Tenant
- Building Renovation: Improve Facade
- Site Renovation: Reemerge Urban Edge
- New Construction: Retail
- New Construction: Mixed Use
- Minimal Opportunity: Residential Use

Each of the typologies, except for 'Find a Tenant' and 'Residential Use', are examined in depth with an illustrative case study, application criteria and implementation costs, and summary of typical challenges, design opportunities, and potential limitations.

The team also made recommendations to improve the public right-of-way to better facilitate a pedestrian environment and incorporate green infrastructure.
EXECUTIVE SUMMARY

IMPLEMENTATION STRATEGY

VENTRA/HAA recommend a two-phase approach to implementing the Corridor Improvement Strategy.

In Phase 1, ECN and its partners will focus investment and implementation efforts on strategic nodes along the corridor, to create a more 'retail-ready' environment for businesses and property owners. Having rehabilitated buildings, improved site conditions, and newly established businesses at these nodes could help to support additional market activity in the corridor. These investments also will help to improve the value proposition for other nearby underutilized commercial lands and eventually attract additional investment along the length of the corridor.

ECN and its partners will work in partnership with property and business owners to develop detailed implementation plans for each strategic node. Improvements may include facade improvements and blank wall treatments, improvements that reinforce the urban edge at auto-oriented parcels, open space treatments at vacant parcels, and building rehabilitation to improve marketability.

Phase 2 will reinforce and build on the Phase 1 nodes as well as more stable areas of the corridor. ECN and its partners' efforts will focus on apprising and connecting people to support programs and opportunities to invest in properties and businesses. Based on the successes of Phase 1, additional nodes or strategic areas of opportunity may be identified and implementation plans developed.

ECN should seek direct funding from philanthropic entities to pay for technical assistance necessary to help it carry out the strategic planning recommendations and corridor improvement strategy. ECN should also support the efforts of property and business owners to obtain grants and loans and connect them to other business support organizations and technical assistance providers. ECN should establish partnerships with local jurisdictions, who may be working on future improvement plans or investment strategies of their own forces.
MEMORANDUM OF UNDERSTANDING
BETWEEN
Wayne County Department of Health, Veterans & Community Wellness
AND
City of Grosse Pointe Park
Regarding Mass Prophylaxis Dispensing
Closed Point of Dispensing (POD)

This Memorandum of Understanding (MOU) is made and entered into by and between the Wayne County Department of Health, Veterans & Community Wellness (HVCW) and City of Grosse Pointe Park for the purpose of cooperation and coordination as it relates to emergency preparedness and response to initiation of a Strategic National Stockpile (SNS) public health emergency.

WHEREAS, HVCW is responsible for supporting and maintaining the public health of Wayne County residents, preparing the community for public health disasters and/or emergencies, and responding to public health threats, emergencies and disasters; and

WHEREAS, the Centers for Disease Control and Prevention (CDC) through the Michigan Department of Health & Human Services (MDHHS) will provide resources from the SNS which includes medications and medical supplies, to HVCW for Wayne County; and

WHEREAS, HVCW intends to transfer a pre-determined quantity of the aforementioned medication and/or medical supplies to City of Grosse Pointe Park as needed to respond to a particular public health emergency in accordance with the HVCW SNS Plan and City of Grosse Pointe Park’s own Mass Prophylaxis Dispensing Plan; and

NOW THEREFORE, HVCW and City of Grosse Pointe Park have agreed to the roles and responsibilities expressed in this memorandum.

Responsibilities:
Wayne County Department of Health, Veterans & Community Wellness:
1. Serve as the lead local governmental agency for preparedness and response to public health threats, disasters, and emergencies in Wayne County within the Wayne County Emergency Operation Plan framework. Establish and comply with the specific reporting/recording requirements necessary for public health designated sites to dispense the vaccine/prophylaxis in a quick and efficient manner.

2. Provide to City of Grosse Pointe Park vaccine/prophylaxis in such quantities and at such times and places as shall be determined by HVCW to protect the health and welfare of Wayne County residents.
3. Provide to City of Grosse Pointe Park medical fact sheets, medical forms, and other pertinent dispensing documents, as appropriate.

4. Safeguard vaccine/prophylaxis from damage, theft or loss according to manufacturer’s recommendations on storage, handling, and temperature control.

5. Provide after-action consultation to City of Grosse Pointe Park.

**City of Grosse Pointe Park:**

1. Adhere to all dispensing and documentation guidelines related to the vaccine and other medications as directed by the CDC, MDHHS, and/or HVCW. Such guidelines may be provided as appropriate and will be subject to written revisions as conditions warrant.

2. Use City of Grosse Pointe Park facilities, personnel, and equipment to distribute pharmaceuticals, medical equipment, vaccines, antitoxins, other medical supplies or clinical support free of charge for the purposes of disease prevention and control under the direction of HVCW, state and federal authorities.

3. City of Grosse Pointe Park further agrees to distribute medical fact sheets, medical forms, and other dispensing paperwork as requested and provided by HVCW.

4. Provide HVCW with the anticipated number of doses required for City of Grosse Pointe Park’s target population and at least three points of contact, including a designated representative responsible for showing identification and for picking up medications and supplies from a location designated by HVCW. City of Grosse Pointe Park agrees to update this information annually, or as needed, consistent with the Scope of Dispensing provision contained herein.

5. Develop and maintain facility plans for dispensing services, including emergency communications and alerting protocols, training safety and security procedures, use of forms or processes such as translation or interpretation and other procedures deemed necessary for successful dispensing. Provide such plans to HVCW.

6. Document the use of personnel, equipment supplies or potentially reimbursable expenditures during a public health emergency.

7. Communicate with HVCW or other emergency officials throughout an emergency event and as related to dispensing procedures at City of Grosse Pointe Park.

8. When requested, promptly return all vaccine/prophylaxis provided to HVCW to a location designated by HVCW.

9. Additionally, decisions regarding allocation of SNS supplies during an emergency are at the discretion of the public health agency. During an emergency, the state, local or federal government may require reallocation of SNS supplies to priority groups (e.g., emergency response and medical personnel).
10. To develop and file an after-action report with HVCW, identifying shortfalls and accomplishments of the operation.

11. Accept the compensation rate as determined by the federal government.

**Wayne County Department of Health, Veterans & Community Wellness and City of Grosse Pointe Park:**

Both parties agree to cooperate without any attempt to obtain reimbursement.

**Liability:**
City of Grosse Pointe Park recognizes that generally during a non-declared emergency, an entity may assume (or take responsibility for) the liability of employees or volunteers. In certain circumstances, this means that liability protections that exist in a declared emergency may not be triggered.

During an emergency declared by either the County or MDHHS under the Michigan Public Health Code, some additional protection may be granted by such governmental action.

During a federally declared emergency, the Public Readiness and Emergency Preparedness (PREP) Act offers some legal protections for entities. The PREP Act allows the Secretary of Department of Health and Human Services to extend liability protection to entities and individuals for injuries resulting from the distribution of covered countermeasures (e.g., flu vaccines, antiviral medications) during a declared emergency. This protection would allow an entity to distribute prophylactic medications which have been deemed covered countermeasures, without risk of civil liability for adverse drug reactions.

As this memorandum is designed to allow for authorized distribution of materials under any of these possible situations, City of Grosse Pointe Park accepts responsibility for these risks, as well as interpreting which risk environment it faces.

**Compliance with Applicable Laws, Regulations, and Policies:**
Both parties understand that this memorandum is intended to be in compliance with all applicable Federal, State, and Local laws, regulations, and HVCW and City of Grosse Pointe Park, including HIPAA. Any part of this memorandum that is in conflict with aforementioned laws, regulations, and policies shall be deemed invalid. The balance of the memorandum shall survive and shall remain in full force and effect.

**Scope of Dispensing:**
As a Closed POD, City of Grosse Pointe Park determines its target population for dispensing prophylactic medication. City of Grosse Pointe Park has determined that it will provide prophylactic medication to City of Grosse Pointe Park personnel and their immediate families. With the assistance of the Wayne County Department of Health, Veterans & Community Wellness, City of Grosse Pointe Park will annually identify the number of doses of medication...
that it will require for distribution to its target population. In the event of a public health emergency, City of Grosse Pointe Park will pick up the pre-identified doses from HVCW. In accordance, trained personnel from City of Grosse Pointe Park will be responsible for dispensing medication to its population. At all times, HVCW will be available to City of Grosse Pointe Park for guidance with all aspects of the Closed POD memorandum.

The scope of dispensing is scalable, and can be modified by the memorandum of both parties to meet the needs of the event.

**Duration of the Agreement:**
This document shall be in effect for five (5) years from the date the MOU is fully executed. Termination of this agreement can be with or without cause, by giving thirty (30) days written notice to the other party.

**Approvals:**

Wayne County Department of Health, Veterans & Community Wellness – Wellness Services Division

Title
COUNCIL MEETING – JANUARY 14, 2019

7:00 P.M.

A regular meeting of the City of Grosse Pointe Park was held on Monday, January 14, 2019, and opened with the Pledge of Allegiance to the Flag.

The following were present: Councilmembers Clark, Read, Chouinard, Robson, and Detwiler, and Mayor Denner

Excused: Councilmember Grano

Also present: Dale Krajnik, City Manager, Holly Piche, Secretary, and Dennis J. Levasseur, City Attorney

MINUTES – DECEMBER 10, 2018

Mayor Denner presented to Council for consideration the minutes of December 10, 2018, for approval.

Motion by Councilmember Robson, supported by Councilmember Read, to approve the minutes of December 10, 2018, as presented.

AYES: Councilmembers Clark, Read, Chouinard, Robson, and Detwiler, and Mayor Denner

NAYS: None

Excused: Councilmember Grano

COMMISSIONER TIM KILLEEN

Wayne County Commissioner Killeen present a brief overview of the results of the recent audit conducted for the Community Development Block Grant (C.D.B.G.) program along with possible changes to the program. He noted several concerns by both HUD and the auditor general regarding the administration of the program. Some of which are:

- Not enough money that is distributed is being spent.
- County does not have enough people administering the program
- Money not being spent on low to moderate income areas as intended

Commissioner Killeen stated currently funding is based on population, however, going forward, it is possible that will change after the new proposal is released. His main concern noted is to get the guidelines and the process of the program running properly and worry about allocation changes after the program is up and running correctly.

Mayor Denner inquired what the timeline for the program is going forward. Commissioner Killeen stated the hope was to have the proposal by late March early April.
Councilmember Robson inquired if the executive or commission is leaning towards the Harris County model going forward for the C.D.B.G. program.
Commissioner Killeen indicated the Harris County model is a good example; however, there are several other communities doing a good job with the program as well. We really won't know anything until the proposal is released.

Councilmember Clark inquired if the program is to go with the RFP process should we consider pooling our funds with other communities going forward.

Commissioner Killeen indicated it is too soon to tell and could not answer that until after the proposal has been released. He stated as soon as the proposal is released, he will be in contact with the communities for recommendations and input.

Mayor Denner thanked Commissioner Killeen for his update.

COMMITTEE REPORTS

Mayor Denner presented to Council the committee reports for the meetings since the Council last met.

Planning
Councilmember Clark summarized the meeting held on January 9, as follows:

- The Master Plan focus of meeting
- Planning Commission members meeting with other commission representatives to receive feedback regarding master plan input which is to be reported back to subcommittee Chair, David Gaskin by March 15
- Timeline for Planning Commission master plan was established
- 3 dates set up for master plan public Input
- Community interests, solicit feedback from standing committees, open meetings, contribute their ideas and provide a forum for public impact

Beautification
Councilmember Read summarized the meeting that was held on January 9, as follows:

- The commission transitioned into the new year by setting the 2019 calendar of events and timeline of beautification awards. Discussed possibly moving awards to October from November.
- Commission Dan Convery resigned. Discussed adding 1 new commissioner. Chair will pursue this with the mayor as he makes the appointments.
- Holiday awards are pending and will be published in the Park Spring Communicator, which will be distributed on February 1st. Winners will be notified by mail and receive a certificate.
- City forester reported that the city lost the lowest number of ash trees (11) since 2002. Although, the ash population was significantly decimated, city forester reported we have more trees in Grosse Pointe Park than we ever have.
- Pat Deck attended the BCSEM winter meeting and shared some renewable energy information presented by the Detroit Inclinerator and their use of steam generated by the incinerator as an energy source for downtown buildings. The next BCSEM meeting will be combined with Keep Michigan Beautiful (KMB) on April 10th at the Gazebo in Warren.
The next meeting is scheduled for February 6, 2019 at 7:30 PM in council chambers.

Communication
Councilmember Detwiler stated a meeting was scheduled for Wednesday, January 16th at 5:30 p.m. and has been posted on the website.

FINANCE REPORT – DECEMBER, 2018

Councilmember for Finance Detwiler presented the invoices exceeding $5,000 for the month of December, 2018, for approval as presented.

CLOSED DOOR SESSION

Mayor Denner requested that a closed-door session be held immediately following the regular meeting pursuant to Labor Contracts.

Motion by Mayor Denner, supported by Councilmember Clark, that a closed-door session be held immediately following the regular meeting pursuant to Labor Contracts.

AYES: Councilmembers Clark, Read, Chouinard, Robson, and Detwiler, and Mayor Denner
NEW/OLD BUSINESS

Mayor Denner stated immediately following the meeting Council will be attending the ribbon cutting ceremony for the newly completed indoor pickle ball courts in the gymnasium at the Lavins Center and invited all audience members to attend.

Councilmember Robson thanked the City Manager on the quick response to Wayburn/Mack area and getting it cleaned up so quickly.

Councilmember Detwiler commended the City Manager for all his efforts with FEMA and getting the flood plain changed.

Mayor Denner agreed and explained the efforts of the City Manager working with FEMA to remove approximately 1000 homes south of Jefferson from the flood plain thus saving them thousands of dollars in flood insurance.

With no further business, the meeting recessed to closed door session.

The meeting reconvened to open door session.

PERSONNEL REVIEW

Personnel Chairman Clark presented a 2% increase for the City Manager for 2019 and other benefits to remain consistent with the prior year as recommended by the Personnel Committee.

Motion by Councilmember Clark, supported by Mayor Denner, to approve of the 2% wage increase and other benefits to remain consistent with the prior year for the City Manager as recommended by the Personnel Committee.

AYES: Councilmembers Clark, Read, Chouinard, Robson, and Detwiler, and Mayor Denner

ORDINANCE No. 210

Councilmember Clark presented to Council for consideration Ordinance No. 210 which establishes the Judge’s compensation.

Councilmember Clark indicated the Personnel Committee met and used comparables from Judge’s in the Pointes along with case load and types of cases. The salary the Committee is recommending to Council the salary be set at $25,000 for 2019.

Ordinance No. 210 reads as follows:

WHEREAS, Section 15.4(a) of the City Charter for the City of Grosse Pointe Park was amended to provide that the limitation on the compensation of the Municipal Judge was to be not less than Six Thousand ($6,000.00) Dollars per year and no more than Thirty Thousand ($30,000.00) Dollars per year.

WHEREAS, the City Council of the City of Grosse Pointe Park has determined that the salary of the Municipal Judge (most recently set in 2017 at $23,000.00) should be updated to provide that such salary shall be Twenty-Five Thousand ($25,000.00) Dollars per year effective January 1, 2019 until such time as amended by the City Council.

NOW THEREFORE, BE IT RESOLVED that effective January 1, 2019 that:

“The presiding officer of the Court shall receive annual compensation of Twenty-Five Thousand ($25,000.00) Dollars per year until such time as amended by the City Council.”

This Ordinance is adopted as of January 14, 2019.

Motion by Councilmember Clark, supported by Councilmember Chouinard, to adopt Ordinance No. 210 establishing the Municipal Court Judge’s salary at $25,000 for 2019.

AYES: Councilmembers Clark, Read, Chouinard, Robson, and Detwiler, and Mayor Denner

NAYS: None

Excused: Councilmember Grano

With no further business, the meeting adjourned.
