<p>This is the estimated increase to your annual property taxes. It is calculated by multiplying the change in taxes (C.) by the prior year millage rate. For instance, if the 2022 millage rate is 51.1913, you would calculate as 7,035 x 0.0511913 = \$360</p>		<p>This is not your increase in taxes. It is the increase to Taxable Value. It is calculated by multiplying (A x D) - A. For this sample, (140,704 x 1.05) - 140,704 = 7,035</p>	

The 2023 Inflation rate Multiplier is: **1.05** This is the annual rate of inflation used for property taxes. It is a multiplier based on the statutory requirements in MCL 211.34d. This same multiplier is used statewide and cannot be changed.
