

## City of Grosse Pointe Park Recommended Trees

	A	B	C	D	E	F
1	COMMON NAME	SCIENTIFIC NAME	NATIVE?	ATTRIBUTES	The Morton Arboretum Link	USDA NRCS Plant Database Link
2	<b>SMALL</b>	<b>Under 30' at Maturity</b>				
3	Eastern Redbud	<i>Cercis canadensis</i>	Yes	Purple flowers cling to stem, bark	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/redbud">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/redbud</a>	<a href="https://plants.usda.gov/core/profile?symbol=CECA4">https://plants.usda.gov/core/profile?symbol=CECA4</a>
4	Japanese Tree Lilac	<i>Syringa reticulata</i>	No	Fragrant flowers & suitable under utility	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/japanese-tree-lilac">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/japanese-tree-lilac</a>	<a href="https://plants.usda.gov/core/profile?symbol=SYRE2">https://plants.usda.gov/core/profile?symbol=SYRE2</a>
5	Kousa Dogwood	<i>Cornus kousa</i>	No	Showy June flowers, hardier than native	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/kousa-dogwood">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/kousa-dogwood</a>	<a href="https://plants.usda.gov/core/profile?symbol=COKO2">https://plants.usda.gov/core/profile?symbol=COKO2</a>
6	Red Crabapple	<i>Malus sp.</i>	Some	Beautiful red spring flowers	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/crabapple-cultivars">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/crabapple-cultivars</a>	<a href="https://plants.usda.gov/core/profile?symbol=MALUS">https://plants.usda.gov/core/profile?symbol=MALUS</a>
7	White Crabapple	<i>Malus sp.</i>	Some	Beautiful white spring flowers	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/crabapple-cultivars">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/crabapple-cultivars</a>	<a href="https://plants.usda.gov/core/profile?symbol=MALUS">https://plants.usda.gov/core/profile?symbol=MALUS</a>
8	<b>MEDIUM</b>	<b>25' - 40' at Maturity</b>				
9	Hophornbeam	<i>Ostrya virginiana</i>	Yes	Unusual, underutilized street tree	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/ironwood">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/ironwood</a> <a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/ironwood">https://</a>	<a href="https://plants.usda.gov/core/profile?symbol=OSVI">https://plants.usda.gov/core/profile?symbol=OSVI</a>
10	Littleleaf Linden	<i>Tilia cordata</i>	No	Dense canopy with fragrant flowers	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/little-leaved-linden">www.mortonarb.org/trees-plants/tree-plant-descriptions/little-leaved-linden</a>	<a href="https://plants.usda.gov/core/profile?symbol=TICO2">https://plants.usda.gov/core/profile?symbol=TICO2</a>
11	River Birch	<i>Betula nigra</i>	Yes	Beautiful exfoliating bark, single stem	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/river-birch">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/river-birch</a>	<a href="https://plants.usda.gov/core/profile?symbol=BENI">https://plants.usda.gov/core/profile?symbol=BENI</a>
12	<b>LARGE</b>	<b>Over 40' at Maturity</b>				
13	Bur Oak	<i>Quercus macrocarpa</i>	Yes	Impressive oak with wooly acorns	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/bur-oak">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/bur-oak</a>	<a href="https://plants.usda.gov/core/profile?symbol=QUMA2">https://plants.usda.gov/core/profile?symbol=QUMA2</a>
14	Ginkgo (males only)	<i>Ginkgo biloba</i>	No	A living fossil dating 270 million years ago. A shade and an ornamental with fan-shaped leaves. Endangered (IUCN)	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/ginkgo">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/ginkgo</a>	<a href="https://plants.usda.gov/core/profile?symbol=GINKG">https://plants.usda.gov/core/profile?symbol=GINKG</a>
15	Hackberry	<i>Celtis occidentalis</i>	Yes	Hardy with interesting bark	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/hackberry">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/hackberry</a>	<a href="https://plants.usda.gov/core/profile?symbol=CEOC">https://plants.usda.gov/core/profile?symbol=CEOC</a>
16	London Planetree	<i>Platanus acerfolia</i>	No	Less susceptible to anthracnose than native sycamore	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/london-planetree">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/london-planetree</a>	<a href="https://plants.usda.gov/core/profile?symbol=PLHI">https://plants.usda.gov/core/profile?symbol=PLHI</a>
17	Red Maple	<i>Acer rubrum</i>	Yes	Fast growing, brilliant red leaves in fall	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/red-maple">https://www.mortonarb.org/trees-plants/tree-plant-descriptions/red-maple</a> <a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/red-maple">https://</a>	<a href="https://plants.usda.gov/core/profile?symbol=ACRU">https://plants.usda.gov/core/profile?symbol=ACRU</a>
18	Red Oak	<i>Quercus rubra</i>	Yes	Host to over 500 native caterpillars	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/northern-red-oak">www.mortonarb.org/trees-plants/tree-plant-descriptions/northern-red-oak</a> <a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/northern-red-oak">https://</a>	<a href="https://plants.usda.gov/core/profile?symbol=QRU">https://plants.usda.gov/core/profile?symbol=QRU</a>
19	Sugar Maple	<i>Acer saccharum</i>	Yes	Native maple with fantastic fall color	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/sugar-maple">www.mortonarb.org/trees-plants/tree-plant-descriptions/sugar-maple</a> <a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/sugar-maple">https://</a>	<a href="https://plants.usda.gov/core/profile?symbol=ACSA3">https://plants.usda.gov/core/profile?symbol=ACSA3</a>
20	Tuliptree	<i>Liriodendron tulipifera</i>	Yes	Tallest tree in Michigan	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/tuliptree">www.mortonarb.org/trees-plants/tree-plant-descriptions/tuliptree</a> <a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/tuliptree">https://</a>	<a href="https://plants.usda.gov/core/profile?symbol=LITU">https://plants.usda.gov/core/profile?symbol=LITU</a>
21	White Oak	<i>Quercus alba</i>	Yes	Slow growing majestic shade tree	<a href="https://www.mortonarb.org/trees-plants/tree-plant-descriptions/white-oak">www.mortonarb.org/trees-plants/tree-plant-descriptions/white-oak</a>	<a href="https://plants.usda.gov/core/profile?symbol=QUAL">https://plants.usda.gov/core/profile?symbol=QUAL</a>
